## Lovers Guide

Venus, 'the planet of love', is what this two part report is all about.

### Part one - Love Expression

The position of Venus in your birth chart is interpreted here. Venus, the planet of romance, is a pivotal influence in defining how you fall in love, stay in love and what you look for in a lover and 'soul mate'. It not only represents love and affection, but also harmony, cooperation and the way you feel about and react towards other people. It reveals the kind of lover you are and how you express yourself when you are in love.

Each connection is given a Star Rating from one to five to show its relative importance in the way you express yourself. To the right of each pair of symbols is a group of five stars ★☆☆☆☆; the more dark stars there are the more important the connection. The keys for the planets and the other symbols and terms used are given at the back of the report.

### Part two - Year Developments

The 'transits' of Venus, as it moves through the Solar System, shows how you change, grow and develop when it comes to your relationships in general and your love life in particular.

In your 'Lovers Guide' we interpret only the transits that Venus will make to the other planetary bodies; Mercury, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto as well as the Sun and Moon.

Lovers Guide should only be used as a helpful guide for the periods indicated. At all times it is for you to make use of your most positive characteristics and the periods indicated.

If you are not sure of your exact time of birth then the sections relating to your Ascendant and Houses should be ignored.

Sometimes when a planet 'transits' a planet, it first appears to move forwards and then backwards for a period of time re-creating the same 'transit' several times. This apparent backwards motion is known as 'retrograde' motion.

AS

### The Ascendant or Rising Sign

Represents the area of life concerned with your sense of self-identity, the impression you give and how others see you.

AS ♀ ★★☆☆☆

### Security

You try to make a good impression on everyone you meet. By the same token you'll tend to see only the best in everyone and be deeply disappointed when they don't live up to expectations. Nevertheless you're aware enough to understand that nobody is perfect so you try not to judge people by their faults. In fact, at times, you may deliberately avoid conflict, even when it may be necessary to stand up for yourself.

You find it difficult to go it alone, preferring to share your life with someone by your side to give you support and encouragement and make you feel secure.

Therefore, you're attracted to people who you feel can share what they have with you, and you with them. The only negative side of this is that you may be drawn, consciously or unconsciously, only to partners that you feel can provide you with financial and material security.

☿

### Mercury

Represents your communication skills and how you think and receive information from others.

☿ ♀ ★★☆☆☆

### Expressive

You tend to make fair and balanced decisions based on the evidence in front of you. You'll always be ready to give others the benefit of the doubt, to hear their point of view before expressing your own.

You may possess enhanced skills as a writer or public speaker. You're able to express yourself with a flair and charm that will win your audience over to your way of thinking.

♀

### Venus

Represents how you express your emotions within love, marriage and other personal relationships. It also indicates your attitude towards money, possessions and your aesthetic values.

### Capacity for love

You may occasionally have a tendency to over-examine your feelings in your relationships, rather than simply experience the person and your feelings for them. You need to understand the why and wherefore behind the relationship. You could therefore become very critical of the other person when your analysis reveals that they're not the perfect, pure being that you want them to be.

### 6th house

Your attitude toward, your working environment. Health and the interaction of your mind and body to maintain the efficient (or inefficient) working of your physical body.

### Love and what you value most

You'll feel that if a job is worth doing, it is worth doing well, but you may occasionally find that whilst you're striving for perfection in what you do, you're overtaken by competitors who are prepared to accept less than the best.

Physical health is important to you but you may also find that many illnesses or health problems are as a result of over-indulgence or lack of self-discipline in some area of your life.

### Mars

Represents your sex drive, stamina and how aggressively you assert yourself and express your desires.

### Adventurous

There could be a conflict between your need to be close to someone and your need for emotional independence. This may also lead to a sense of dissatisfaction with yourself and irritability with those closest to you since you feel that they're always getting in your way and preventing you from doing what you want to do.

Your more placid and charming side can cover over the tension for a while, but your more aggressive and demanding side will eventually break out and shatter the peace.

A sense of excitement and satisfaction in your love life will be important. If sex becomes dull and routine or you feel that you're no longer appreciated or desired you'll find a new relationship that will rekindle the spark of desire.

Jupiter in your chart represents expansion, your sense of fun, optimism and generosity. It also indicates attitudes concerning your religious and philosophical beliefs.

♀ △ ♃ ★☆☆☆☆

### Charming

You have an easy-going charm that will win you many friends. You're always ready with a sympathetic ear and an understanding of other people's problems, but you don't readily burden others with your own problems, preferring to keep your own conflicts and tensions hidden from the world.

You have a strong appreciation of art and will enjoy being with friends and family. You'll need a wide circle of friends but, in more serious relationships, you may have difficulty in confining your affections to one person for too long.

♇

### Pluto

Represents the secretive side of your nature, your obsessions and shows us how to come to terms with and deal with your deepest insecurities.

♀ ♂ ♇ ★★★★★

### Passionate

You possess an emotional intensity in your approach to relationships that can be all consuming. Through relationships you can fall to the depths of despair or reach the heights of emotional ecstasy. You'll be attracted to powerful, charismatic people.

However, this kind of intensity can become rather exhausting and when the passions cool, possessiveness, jealousy and the desire to dominate can take over.

## Part two - Future developments

The 'transits' of Venus, as it moves through the Solar System, shows how you change, grow and develop when it comes to your relationships in general and your love life in particular.

In your 'Lovers Guide' we interpret only the transits that Venus will make to the other planetary bodies; Mercury, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto as well as the Sun and Moon.

At the end of the day, however, the decision has to be yours - you are the ruler of your own destiny.

Stable and happy relationships will also go through a testing time - a temporary phase of doubts and inhibitions - but they will emerge stronger and more emotionally tied than ever before.

You may decide to withdraw from loved ones - in both a physical and emotional sense, whilst you search the inner depths of your being for answers to important questions. Lovers and family may feel alienated - but they will understand if you let them know that just for now, you need some privacy and time to yourself.

Financial and business decisions should be temporarily postponed - until you feel in a more self assured frame of mind. Keep a watchful eye on all expenditure.

Love, romance and friendship will all be highlighted. You will want to spend as much time as you can with people you love - enjoying their company. This could be the beginning of a pleasant, romantic love affair. Only one word of warning watch your diet as you are likely to become somewhat self-indulgent eating and drinking just that little bit too much!

Strenuous work should be avoided as you will be feeling unhurried, easy going and carefree. However, as creativity should also be enhanced and if you've recently been lacking the necessary inspiration to pursue creative and artistic projects then now is the time to try writing, composing music, drawing, painting whatever you consider is your field. The end results could bring tremendous satisfaction.

If you don't consider yourself particularly creative then perhaps you may take up a new study or retrain in your job or career. Travel or a holiday would also be a good idea around now.

A financial windfall may come your way but in wanting to surround yourself with beauty and the luxuries of life the cash may be spent just as suddenly and quickly as it arrived!
