Soul Mates Report

Above is the astrological data for Justin and Cameron . The Relationship interpretation that follows defines the synastry or Inter-Aspects between the planets in Justin's birth chart and the planets in Cameron's birth chart. Please check that the birth data is correct in both cases.

The Inter-Aspects - or 'chemistry - between Justin and Cameron' is divided into four general types:

Key Connections
Relationship Challenges
Relationship Strengths
Socio-Cultural Interactions

As you read them, the following should also be noted:

★★★★★ 'Close One'

To the right of each pair of symbols, which represent the interaction between the planets, is a group of 5 stars ★☆☆☆☆ denoting the closeness of the Inter-Aspect. The more dark stars there are the closer and more intense the interaction.

Whenever an Inter-Aspect is a 'Close One', indicated by four or five black stars, it forms a tight bond. These are the interactions which make up the core of your relationship, be it good or bad.

As a general but not absolute rule, a relationship is described as 'close' when around a third of all the Inter-Aspects between Justin and Cameron are 'Close Ones'.

'Birth Time Sensitive'

This means that the interaction will be technically correct only when the birth times are accurate to within fifteen minutes. If a birth time is correct only to within an hour or so, then any interactions involving the Moon of that individual should be regarded as unreliable.

Double Whammy

When any Inter-Aspect, along with its interpretation, is shared - for example: if Justin's Moon is Conjunct Cameron's Pluto while Justin's Pluto is Conjunct Cameron's Moon - then that will have a particularly intense effect on the relationship.

Inter-changeability

Inter-Aspects can indicate an exchange of roles between the two parties as a result of psychological projection, cultural and gender influences, and the status and inclination of each party. Therefore, either or both parties can emulate the other person's role in the relationship.

The One Golden Rule

It is not possible for a single planetary interaction or Inter-Aspect to make or break Justin and Cameron's relationship. In a healthy relationship, it is always possible to find the strength to deal with the occasional stresses and strains. Challenges can be overcome with patience and love. Needless to say, many relationships do not turn out to be long-lasting or permanent. Even so, they exist for a reason - and the Inter-Aspects will explain what that reason is.

Key Connections

These are usually the most powerful and dynamic points of interaction between you, but do not be put off if you find little or none, as other interactions will provide strong connections. They can be either harmonious, difficult or a bit of both - depending on the planets involved.

Emotional abundance

There is a great and natural feeling of understanding for one another. Whatever might be occurring in your lives, together or individually, it is always within both of you to explore it if it is positive, or to accommodate it if it is not. There exists an innate faith and trust in one another, to whatever degree it needs to be there. For these reasons, this interaction has more the nature of furthering and maintaining a relationship rather than initiating or creating one.

And so, if your relationship is ongoing, then you can be sure that together you will progressively overcome any difficulties, and prosper in the process. It also highlights child-rearing and caring for the spiritual or physical health of anyone or anything - as long as you avoid doting on each other and self-righteous conduct or prevarication.

But do not expect this aspect alone to fire you up. Indeed, the ultimate expression or energy of this interaction may go beyond emotional and physical gratification, as it leans more and more towards altruism and philanthropy. Kindness towards one another, and to those around you, is the great key to emotional well-being bestowed upon you by the benign effect of this interaction.

Justin's ☾♂ Cameron's AS★★★★★ **Close One**

Familiarity Birth time sensitive

There is an instantaneous emotional link between the two of you. This means that you feel like 'family' to one another - and in fact, you could actually be related. Whatever the case, you 'go way back' either literally or figuratively. And so the water-under-the-bridge issue can be an important one for you both, as memories of past experiences, be they shared or individual, form a great part of your lives and relationship together.

On the positive side, you have an easy rapport as you share, instinctively or experientially, common emotional attitudes and habit patterns. Negatively though, it can be difficult for either one of you to break out of, or be seen to break out of, the mould in which each has cast the other.

The making of a little distance, in time, space or both, can be very helpful in your both getting a clearer idea of who each of you are as distinct individuals rather than merely jigsaw pieces, with no identity of their own, that fit into each other's puzzles.

Kindred spirit Birth time sensitive

There is a very profound connection between the two of you, especially with regard to home and work, family and business. You look out for one another emotionally and professionally, almost as if you are related - but then you well may be. It is as if you belong to the same 'tribe' and share the same interests at a fundamental level.

The personality of the one of you acts as beacon to the status of the other, and vice versa. Literally or figuratively, there is a parent and child dimension to this inter-aspect. Following in one's father's or mother's footsteps is also a likelihood. The main pitfall with this otherwise close and mutually supportive interaction is confusion arising between the domestic commitments of one of you with the career commitments of the other.

Justin's AS ♂ Cameron's ♀ ★★☆☆☆

Food for thought Birth time sensitive

Justin will act as a sounding board to Cameron, who will in turn give them back food for thought. In fact, 'food for thought' describes well what you both are to one another, in direct proportion however, to your current states of mind as individuals.

You put one another in touch with not only ideas and ways of translating the meaning of things, but also introduce one another to interesting people. You also stimulate each other's wits, and joking can be a strong component to your interaction.

Together you can bring alive the phrase 'body language' as you connect so well through word and physical expression. But this does not mean to say that what is communicated is always pleasant, you may even get on each other's nerves - a case of the media being good, but not necessarily the message.

Justin's ♀ ♂ Cameron's ♀ ★★☆☆☆

Opposite poles attract

This is rather like two magnets coming together in that both pull together at once rather than just one attracting the other. So this is a classic mutual attraction, but after the initial clinching has occurred, both of you will find that you are a strange mixture of similar and dissimilar tastes and social standards. This can give rise to either being very happy doing the same thing together, or being annoyingly out of sync.

What lies behind this is the need to become increasingly aware of what turns each other on - or off. In the process of doing this, both of you can become more aware of what appeals and doesn't appeal on a general level rather than just a personal one. This means that your combined sense of what is popular can give rise to a more commercial awareness - something about which your partnership may become quite astute.

As hard aspects go this isn't particularly 'hard' because Venus is about the pursuit of happiness and harmony and this is what you consistently drive one another towards. A very real danger is simply that you will overindulge in whatever it is that you both like. Conversely, one of you can be happy indulging in something when along comes the other and looks on disapprovingly, thereby spoiling their enjoyment.

But probably the greatest hidden asset of this interaction is that whatever happens between the two of you, those two magnets keep you together - at least until you have had your fill of one another. Studying your respective Venus-Sign positions would tell you a great deal about differences and similarities.

Success! Birth time sensitive

This is a particularly positive combining of energies that furthers the career of the one and guides the career of the other, especially in an ethical sense. In fact, it is quite reciprocal in that an advantage for one of you is going to give rise to an advance for the other, and then the favour is returned, and so on. You both recognize and confirm each other's place and talent in the world.

Justin's ♃ ♂ Cameron's MC ★★☆☆☆ **Close One**

Win-win or lose-lose Birth time sensitive

You are both in positions of power and influence, relatively speaking. This means, for example, that one of you could be in a position of material power, while the other is in a position of emotional or psychological power.

Whether or not this is recognized and taken advantage of is the question. Although this is often found between two people running a business or a home together, there is ever the possibility of jealousy and resentment. And this in turn can lead to a fall from grace for one or both parties.

Obviously what is required is that you ascertain and respect your individual strengths and benefit from them, get them to complement each other rather than conflict with one another. This interaction is therefore mutually destructive or mutually constructive.

Justin's ♃ ♂ Cameron's AS ★★★★★ **Close One**

Psychic rapport Birth time sensitive

Because, on first meeting, this interaction allows you both to see through each other's masks, resistance or smoke screens, the subsequent reaction of each of you can vary enormously. A great deal depends upon what it is that each of you senses within the other person.

The chances are that whatever each of you do see will reflect or enhance some highly sensitive issue of your own. Your individual emotional reactions that follow upon this are what then shape this interaction, rather than what actually happened in the first place. There are usually two extremes here: one is where an alluring image or another smoke-screen is quickly put up in order to protect yourself from the other person's psychic perception of your inner truth.

The other extreme is that a great openness remains, allowing a wonderful psychic rapport to manifest between the two of you. This psychic rapport causes you to feel as one, to identify very closely with one another, and to detect at any distance the state of one another.

However, it must be pointed out that it only takes one of you to adopt the first extreme in order, sadly, to preclude or at least greatly diminish the second one. And even when the second extreme has been maintained by one of you, the protective psychic screen erected by the other person could eventually become actually offensive, which would cause the 'open' person to close down defensively too. The outcome here is then a 'psychic war' of projected and imagined fears which can be quite sapping, physically and emotionally, to both of you.

Generally speaking, because most people are not yet prepared to see clearly their inner truth as distinct from their outer display, the remedy to the negative expression of this interaction is not very acceptable. All the same, here it is. If you are experiencing the negative expression, cast your minds back to when you first met, and picture slowly and closely what actually transpired at that time.

If you can do this, without defensively reacting again, you will gain a great insight into the truth of who you both are, as individuals and to one another. This interaction reminds me of the Mayan greeting 'In lak'ech' which means 'I am another (like) yourself'. One way or the other this interaction will bring you both an insight into spiritual reality or the mystery of being. How you respond to this determines whether you experience it as fascination or confusion, identification or alienation, love or hate - or a strange combination of some or all of these.

Relationship Challenges

These are the interactions that are most likely to produce friction and disagreement - some more than others as the interpretations point out. In fact, they often explain why you were attracted in the first place because they define the deeper reasons for your coming together in that they force both of you to become more self-aware and improve your relating skills or ability to love and be loved.

Too many of these Challenges however (in comparison to the Relationship Strengths below) can make it unacceptably uphill and lead to separation. But it would still have the potential for self-growth.

Monarch and advisor

Essentially, Justin feels in a superior position to Cameron. This is because Cameron only has their point of view to offer Justin or confront them with, whereas Justin has their whole will and life-style to either overwhelm, ignore or approve of Cameron with. Of course, if Cameron is very sure of themselves mentally and Justin's will is not that developed, it would be a different story - but it would not amount to a balanced or satisfying relationship.

This interaction is therefore about Justin taking on board what Cameron has to say, and not just resisting or disapproving out of wounded or threatened pride. Cameron, on the other hand, should see themselves as some sort of advisor to a dignitary, and not presume upon their mental connection or prowess. Bearing all this in mind, you can learn a great deal from one another.

The autocrat and the outcast

Justin is inclined to see Cameron as being interestingly eccentric, but at the same time, as being a bit of a 'loose cannon'. Cameron, for their part, has mixed feelings of admiration and rebelliousness towards Justin. This interaction could be called "Royalists versus Republicans". Cameron is especially outraged by any signs of autocracy from Justin, and will do all they can to rattle their cage. In return, Justin will scoff at Cameron, or depending upon Justin's personal influence or social position, cause them to feel an outcast and an outsider whose ideas are totally off the wall.

But Cameron will respond to this with renewed revolutionary zeal. This can amount to anything from actually sabotaging Justin's position to more subtle psychological tactics, such as detaching themselves in a way that piques Justin's pride. In the end, Justin needs to be more principled, and Cameron absolutely truthful. Justin is, or appears to be, in the 'ruling position', and as such, should grant Cameron credit where it is due for their laser-like perception of how things actually are. And if Cameron is reacting and uptight, then they themselves should wake up to the fact that this is because they are unable to detach themselves, and so are therefore part of the problem that they are so ready to accuse Justin of creating.

Justin's   Cameron's  ★★★★★ **Close One**

Thinking versus feeling

This interaction seriously affects the day-to-day affairs of both of you because Cameron lives life in a more instinctive, emotionally led fashion, while Justin bases their activities on logic and work routines. There can therefore be disagreements over mundane issues like what food to eat, how to run domestic matters, personal cleanliness, use of time, etc. Habits such as the proverbial 'leaving the cap off the toothpaste' can aggravate Justin, while this kind of order seems irrelevant to Cameron. Cameron may be seen as lazy and dominated by emotional issues such as past involvements and family problems, while Justin is regarded as clinical and insensitive.

If some kind of domestic or mundane, and therefore emotional, harmony is to exist, then Justin has to either get accustomed to doing all those little tasks which Cameron leaves undone, or become a little bit more laid-back with respect to these issues. On the other hand, Cameron could learn to partly order their lives along rational lines rather than solely instinctual ones, and take onboard the advantages of the everyday maintenance of things.

This interaction is very much a case of meeting each other halfway, which is the basic remedy for all conflicts. With such a sense of grace, each of you can benefit from learning from the other: Justin to become more emotionally aware in the sense of being perceptive of feelings rather than merely being technically 'right'; and Cameron to appreciate that having some kind of method or intellectual overview would actually assuage the emotional aggravation that Justin gets blamed for inflicting with their demand for mental order.

Justin's ♂ ☐ Cameron's ☾ ★★☆☆☆
Justin clashes with Cameron

Fire and water

If in close proximity for any length of time, you will bring out the worst in each other - Cameron's over-sensitivity born of childhood and past experiences, and Justin's residual anger and desire to get and act in spite of circumstances. If you are contemplating getting together for a protracted period, be warned and give yourselves a trial period with 'get-out clauses' - or just back off altogether.

Barbed remarks and acutely hurt feelings having already arisen would be a danger sign here. If you are already in such a situation it is because your respective unconscious minds deemed it necessary. This means that you both had to become more aware of your emotional fears and impulses, and these very things drew you together. So it is a case of the fat being in the fire.

Ideally, and put simply, Cameron needs to toughen up a bit and not be so phased by the slings and arrows of emotional life - or alternatively, not be so comfy or complacent. Equally, Justin had best get in touch with their anger and the reasons for it in some way other than using Cameron as a punch-bag. Both of you, if you value your relationship or yourselves at all, may well need to seek professional help in dealing with your respective emotional difficulties. Two hurt children are only too able to hurt one another - and other children, perhaps your own.

Justin's ☾ ♀ Cameron's ☽ ★★☆☆☆
Justin has a difference of opinion with Cameron

Child versus adult

The sense of order and social correctness of Cameron is totally at odds with the natural activity and free-flowing responses of Justin. The result is that Justin feels controlled and thwarted by Cameron, experiencing them as being judgmental and unsympathetic. Cameron sees Justin as childish and irresponsible.

It would seem that, as is so often the case with hard interactions with Cameron, that a difficult lesson is here in the learning. And because it is a difficult lesson, this interaction can go on for a considerable period of time - until the lesson has been learned or the inherent difficulties make the relationship untenable.

The lesson itself is that each of you should learn to accept that what is different to oneself is not wrong. Yet at the same time, Cameron probably does have a point in that Justin needs to grow up and get the hang of the way of the world. Conversely, Cameron needs to let the child in them out more, have more fun, and remember their dreams - as per Justin's example.

The actual reasons for becoming involved at all are most likely down to insecurity on Justin's part, and loneliness on Cameron's - a sad, but not very promising, recipe. If there was enough objectivity, a deal could be made here. But alas, objectivity is the very thing Justin is learning, and Cameron would have to shoulder most of the worldly responsibilities.

Justin's ♃ ♂ Cameron's ☾ ★★★★★ **Close One**
Justin has a difference of opinion with Cameron

Emotional awakening through apathy

This is not an interaction that anyone should invest in for the future, or at least, expect to have a conventional lifestyle with. Cameron needs security and comfort, family values and emotional receptivity. Justin wants change and excitement, friendship values and mental freedom. So it's no surprise, or rather it is, when Cameron discovers that after finding Justin such a turn-on that they are also unpredictable and hard to keep to anything solid or routine.

Furthermore, Justin is liable to react in this way to an even greater extent when Cameron tries to mother them or be mothered by them. The sooner Justin sees that they unconsciously became involved for reasons of freeing themselves from any such blind and immature security needs then the less likely they are to have such a hard time of it.

Justin, for their part, should try to go a bit more gently on Cameron's feelings, and consider the possibility that their reason for allowing themselves to become involved are the opposite of Justin's - that is, to understand that their blows for freedom are more to do with a fear of emotional commitment, and to search for and explore something less comfortable and more unusual in a relationship.

Ultimately, you're in the relationship to show one another that the combining, or confrontation of freedom and security takes a great deal of emotional honesty on both your parts. Without waking up to the 'emotional clearing' that this interaction poses, you will find the extreme ups and downs that you experience very hard to endure or understand.

Justin's ☾ ☐ Cameron's ♀ ★★☆☆☆
Justin clashes with Cameron

Susceptibility versus manipulation

Justin is likely to feel held in a kind of psychological arm-lock by Cameron. They will probably not let on, or even believe, that this is the case, and this makes it all the more incapacitating. The probable reason behind this is that Cameron's attitude to Justin can be one of disdain, because they see them as being weak or pathetic in some way.

It is also likely that Cameron is projecting their own emotional vulnerability here, something which they deny. And so, Justin will instinctively retaliate in an indirect or passive way. But in both, and all, cases, it would not be too obvious what was going on or why. Possessiveness and jealousy are also likely to raise their gnarled little heads, sooner or later. Again, suspicious looks and subtle sneers or jibes would, initially at least, be the only signs.

This interaction makes for more or less constant erosion of whatever your emotional links are, but with a view to renewing them in the process. This obviously necessitates some pretty good mental and emotional rapport supplied from elsewhere. If this is so, then neither of you will allow the grass to grow under the feet of your relationship, and it will consequently last and last, yet probably with occasional 'black-outs' of communication. The mean alternative is, unfortunately, stagnation.

Justin's AS ☐ Cameron's ☾ ★★☆☆☆
Justin clashes with Cameron

Habit versus manner Birth time sensitive

Justin's manner of self-expression rubs up the wrong way the emotional sensibilities of Cameron. In return, Cameron's reaction to this invites more of same. Cameron's habits and routines are also somewhat annoying to Justin. This vicious circle needs to be broken by at least one of you to prevent such disharmony developing into an outright breakdown of any kind of positive interaction. In other words, self-control and some compromises are called for in both your conduct. Failure to do this can additionally preclude doing anything together that caters to others or the public. Neither is this interaction that ideal for domestic co-existence.

Justin's ♂ ♀ Cameron's ♀ ★★☆☆☆
Justin has a difference of opinion with Cameron

Thought versus action

This is an argumentative and disagreeable influence. Hardly a day goes by without one of you finding something which the other person says or does that they have to object to. You irritate each other far too easily for any kind of peace or harmony to exist for long. The reasons for such battles will have their origin in the other hard interactions that you have.

This aspect is not the source of conflict itself, it is simply a means (arguing) that you have of expressing discontent with yourselves, each other, and life in general. It is almost as if you do not want to communicate properly in case you discover something that really needs seeing to.

This mutual irritation and the bickering that it generates are not something others like to be around much - so do not expect many invitations to social occasions unless you both have dangerously convincing social masks, or have your heads stuck in the sand in the way just described.

This interaction is thought versus action. So Justin gets annoyed with Cameron as they see them as being permanently at the ideas or planning stage, while Cameron regards Justin as an impulsive fool. You probably both have a point here, but sheer annoyance prevents you both from seeing it.

Justin's ♀ ☐ Cameron's ⚡ ★★★★★☆ **Close One**
Justin clashes with Cameron

A need to re-attune

This can be a bit like trying to plug the telephone into the television. Both are wonderful transmitter/receivers, but without some radical rewiring (profound change in perception of how you view life and one another) they are not going to communicate very well with each other.

Justin's logical approach to things is annoyed or baffled by Cameron's more sensitive and holistic view of life. Justin wants to see everything and everyone as separate classified entities, whereas Cameron feels everything and everyone to be totally interconnected. What this does for your perception of one another is that Justin holds Cameron to be an unrealistic dreamer - and therefore unreliable, possibly deceptive, even mentally unbalanced.

Conversely, Cameron sees Justin as not seeing the whole picture, over-simplifying what is complex but beautiful, and generally enchained by intellectual tyranny. Justin's tunnel-vision of Cameron as a person is what can be really troublesome for Cameron, because they seem to be seen only as someone who must fit, or will not fit, into Justin's linear landscape.

Eventually, rather than argue the point, Cameron will, possibly unconsciously, go along with Justin's idea of them, which ironically means that Cameron becomes the very shape-shifter that Justin cannot handle. This is because Justin is putting out myriad expectations that their rational perception overlooks. But all the while, Justin thinks they're the one with a firm grip on reality.

The point is that they well may be, but they will have to prove it in the face of Cameron's possibly neurotic and evasive antics. But the reality is not that either of you are right or wrong, but that the telephone and the television are vaguely similar but quite different, and very unlikely ever to make lasting or meaningful contact - unless that 'radical rewiring' is done.

For the reason why you experience this interaction at all is so that you can hopefully appreciate the existence of both these modes of perception/communication, and not simply become alienated by getting stuck on the illusory fence between correct and incorrect, real and unreal.

Incidentally, the crossed lines that this interaction produces can also manifest as the two of you having some kind of breakdown of communication with others, like local friends or colleagues. Overall, and basically, this interaction causes a misconception of what one of you is to the other, and the glitches in communication that follow upon this.

Out of sync Birth time sensitive

To Cameron's way of thinking and working Justin abuses their position, whereas Justin sees Cameron as speaking out of turn. It could go the other way, but overall you have conflicting ways of working and organizing.

If one of you is obviously subordinate to the other, like employee to employer or pupil to teacher, then this may not be too much of a problem, but in any event it means that your working together, or simply being together, can only go so far. This may simply manifest with it being hard to find time together in the first place.

Justin's ♀ ☐ Cameron's ♀ ★★★★★☆ **Close One**

Possessive love

There is a compulsive or oppressive quality to your relationship that is based upon a heavy need to be loved on the part of one of you - probably Justin, and a need to deepen their sense of what love is on the part of the other - most likely Cameron. And so possessiveness, jealousy or resentment are the unfortunate attitudes that shape this interaction.

Money too can come into the picture as an issue that makes matters worse, is used as leverage, or actually creates the problems. One of you can feel coerced into being loving and affectionate by the other's desperate pleas, bribes and/or threats.

Initially there may well be strong passionate feelings for one another, or at least, one or both of you could be so swept off their feet so as to mistake lust for love. Although this interaction can bring a certain satisfaction, or at least a greater emotional understanding, the price can be very high in terms of soul-searching and deep hurt - or money.

Justin's ♂ ☐ Cameron's ♀ ★☆☆☆☆
Justin clashes with Cameron

Sexual confusion

You both initially feel that there is something strange and wonderful about your coming together, or you feel drawn to one another but something seems to confound your getting closer - or then again, it could be a case of pursuer and evader. Whatever the case, it has to be said that this interaction is very tricky and deceptive.

Justin is most likely to make the moves, and Cameron either all too easily submits or tries to escape in some way. When and if you do actually get together, this pattern persists, which means that eventually it can devolve into a state of affairs that is highly frustrating, alienating or both.

Justin keeps insisting on using the direct approach while Cameron becomes harder and harder to pin down, probably for subtle reasons that escape Justin's straightforwardness. And Justin's bluntness can be very wounding to Cameron's sensitivity, even though they have probably attracted it by being so hard to pin down.

If yours is a sexual relationship, all this can make things impossible, with Justin charging in and overlooking a peculiarity or aversion of Cameron's, while Cameron can find sex gross or boring in comparison to the ideal they have in mind. This interaction can start off in a highly sexual vein, only to later make do with abstinence born of confusion. So it can be seen here that you are both up against very different energies in each other which can cause you to be awkwardly out of step.

This may even literally manifest as your being poor dancing partners. As ever, the only way of learning or gaining anything worthwhile is to take a leaf out of each other's book. Justin must learn to be more sensitive and circumspect, and be more aware of their ego's way of fouling things up. Cameron needs to be more direct, and manage their weak and sensitive spots better. Failing this, this can be a disastrous, even treacherous, interaction.

Justin's AS □ Cameron's Ψ ★☆☆☆☆

Who's fooling who? Birth time sensitive

Cameron has, initially at least, their own somewhat mistaken idea of who or what Justin is to them. Consequently, Justin can easily get the wrong idea of where Cameron is coming from, and even come to regard them as dubious or not entirely reliable.

Your actual meeting was probably quite spellbinding in some way, but as time goes by, the spell, although quite real, is seen to have a different agenda to what it felt like at the time. If there are not some close and substantial interactions between the two of you, this one can just produce disappointment.

Whatever the case though, it is saying that first impressions can be deceptive, yet in retrospect can be seen to have had a subtle meaning all of their own. This is the kind of interaction that will 'trick' you into an involvement for spiritual or karmic reasons that you would have otherwise avoided.

The illusions of Cameron and the physical looks, manner and state of Justin are what the 'trick' and the karma are based upon. If all this sounds confusing, that's because it is! But it is worth straightening out if one or both of you wish to become clearer about these particular issues so that you are no longer so vulnerable to them. Suffice to say that the fantasies of Cameron, which the appearance of Justin seems to elicit, need to be transmuted into compassion for Cameron's circumstances.

Relationship Strengths

To varying degrees, these are the harmonious interactions that create pleasure, reward and fruitfulness - as well as providing you with the love, compatibility and understanding to manage and transform the Relationship Challenges.

Justin gets on well with Cameron

Sober and industrious

This interaction lends itself well to any kind of organisation. As a couple you can function in a businesslike way, with each determining and knowing what roles to play or responsibilities to fulfil. This is by no means a romantic connection for it emphasises the importance of the mundane and material side of life. Because of this, you as a couple can create stability and durability in so far as any more emotional contacts will allow or demand.

In terms of what you do for each other, Justin can bring some light and play into the overly serious or even downcast areas of Cameron's life, while Justin is given a sense of order and tradition by Cameron. If Cameron is the older of the two of you then this coupling will accentuate these positive attributes, which means that the sense of order provided by Cameron is more likely to be quite real and substantial. In any event, the stability and order, which is the hallmark of this interaction, can be attained if the two of you establish some rules and limitations that you are both happy to keep to. Notwithstanding other interactions, this aspect does confer mutual trust and reliability.

Friends until the end

You have a very positive interaction because it has something that all too many relationships lack: a true sense of friendship. This means that you allow each other room to be yourselves, are open with one another, and that there is little or no possessiveness about each other. Cameron has a liberating and awakening effect upon Justin, giving them new ideas and directions. Alternative or metaphysical subjects are very likely to be the means through which this effect happens, and you may well have met in a situation that was related to such matters.

Groups involved in esoteric or unusual pursuits can be a significant part of your time together. In return, Justin validates or furthers Cameron's more original expressions and qualities, rather like a monarch would patronise an artist. All of this positive interaction makes for a mutual attraction, mentally and/or physically, yet it does not necessarily confer the emotional stability that ensures a lasting tie. Paradoxically though, because you are always surprising one another with hitherto unknown facets of your characters, this relationship has a self-refreshing quality about it. Whatever the case though, that outstanding friendship should remain.

Mutual furtherance Birth time sensitive

Each of you encourage and provide for one another with respect to career and domestic matters. As a result, the one who does the giving is made to feel philanthropic, a reward in itself. If one of you has a position or contact of any power or influence they will directly or indirectly be an agent of good fortune for the other.

The 'working' relationship

You have no trouble in communicating how you feel or the point either of you wish to make to the other. The difficult interactions that you have with one another are to a large degree sorted out because you are able to be rational about matters but without becoming divorced from the emotional issues involved. As a rule, Cameron is the one who contributes a clear mental viewpoint, while Justin provides a sense of emotional awareness and security, which aids the rational thinking of Cameron.

Similarly, Cameron helps clarify Justin's feelings, while Justin helps out when Cameron gets stuck in their head. This interaction also favours the workaday environment and makes for a common touch with regard to sensing what appeals to others in general, and what they feel comfortable with. Obviously, this can greatly benefit the job and emotional security of you as a couple, and for the same reasons you could work together well. Running through all this there is an ongoing banter and sense of childlike fun.

Justin's   Cameron's  ★★★★★☆☆

Pleasant and pleasing

There is a soft and gracious feeling between the two of you, which others around you appreciate as well. This lends itself particularly well to romantic, family or friendly relationships or any dealings with the public, but because this interaction is quite 'female' in quality, it places the accent upon affection rather than sex.

The man, if there is one, in your relationship, is able to get in touch with his female side through this partnership. So both of you are receptive and tender towards one another, showing respect for each other's sensitivity. Again, because this is very 'yin' in feel, such empathy could be entirely passive and not necessarily acted upon. If there are more dynamic or passionate interactions indicated elsewhere, then this one provides a soft base for those harder desires.

The home and family of Cameron can be beautified or graced by Justin, and Cameron provides a vehicle or receptacle for Justin's loving feelings. The word 'pleasant' sums up this interaction.

A meeting of minds

You have an excellent mental rapport here because Justin can help Cameron to contact and express their visions and beliefs in a more effective way, while Cameron enables Justin to see how their ideas and attitudes fit into some broader, cultural perspective. Put more simply, you both support and further the minds of one another.

As a result you can work together on projects where both the general and the particular need to be equally considered. You can also fruitfully discuss ethical matters and reach an understanding that oils the wheels of day-to-day, mundane matters. Literally or metaphorically speaking, this is rather like a positive relationship between writer and publisher.

Love and duty

Love and freedom coexist relatively easily, so this interaction is non-possessive - or at least, it diffuses any other indications of jealousy. There is a friendliness between you if you are lovers, and you are loving if you are just friends. Cameron really appreciates and is turned on by Justin's unusualness, causing them to depart from their usual social or sensual style.

This can actually cause fluctuations in Cameron's affections however, as they swing back and forth between their old and new values. To Justin, Cameron is the perfect playmate as they seem able to pick up on their odd or intuitive ideas - particularly in the sexual department - as well as being excitingly unpredictable.

Not surprisingly, such an interaction is a little too open or loose to ensure fidelity and durability, but it is extraordinarily pleasurable. If you are involved artistically in any way, this gives a zing of originality to whatever you create.

Deep love

There is a profound and deep bond between you that can heal rifts or take you through other difficulties. In fact, such is the strength of this bond that it may insist that you endure and push on through any 'night' of emotional isolation and confusion.

Justin can show Cameron how to come out of their cave of despair or feelings of being unloved. Cameron in return can lend more weight and authenticity to Justin's affections and emotional values. This interaction is the kind that occurs when one or both people are 'about to believe in love again' after having endured painful experiences in the past. They must tell themselves that this interaction represents the underground river that can take them there!

Energy and control

This is what you could call a very useful interaction because it bestows practicality and industriousness. Apart from favouring a business relationship, it also means that you are well able to assist one another in getting things done or off the ground. This feeling of 'things to be done' that exists between you is of inestimable value for it counteracts any woolly or overly romantic notions that are so common in many relationships.

This is a no-nonsense aspect. Justin is very good at spurring Cameron to action, even or especially in the area where Cameron feels inertia and doubt. In return, Cameron shows Justin how to be more mature in the choice of their activities, and how to be more responsible where they are possibly selfish or headstrong. Because together you link energy and control, you can become a very effective team.

This is not a strong interaction, but it can certainly oil the wheels of any ventures you choose to pursue together.

You both blossom in the light and warmth of each other's attention. There may even be a 'master and protégé' quality about your relationship, rather as if one of you has the wisdom while the other has the image or looks to carry it off.

Metaphorically, or perhaps even literally, Cameron is the cultured and socially experienced person who grooms Justin, the naive youth. The creator and the created - the ultimate relationship, made possible because you both have the grace to acknowledge each other's individual qualities.

Mutual empowerment Birth time sensitive

Justin makes Cameron more deeply aware of how they express themselves physically, how they appear, etc. However, because Justin's effect is deep, such an effect may not be immediately noticeable, but the feeling that Cameron experiences upon first meeting Justin is felt to be significant in that something 'moves' inside of them.

How they continue to respond to such a movement will depend greatly on other interactions between the two of you. If Justin is aware that they do have this influence, then they can help Cameron to become more aware of the hidden side that lies behind the outer façade, not just of themselves but of appearances generally. Justin, in return, can feel pleasantly conscious of how they are able to penetrate to the core with both ease and intensity.

Justin's AS △ Cameron's AS ★★★★★ **Close One**
Justin gets on well with Cameron

Seeing eye to eye Birth time sensitive

You see eye-to-eye and are physically at ease with each other. However, this effect may only last long enough to get you interested in one another. You may hit it off on the dance floor or in bed; or there is simply plenty of times when your paths cross, giving rise to opportunity.

Physical compatibility is what this aspect is all about. So much so, that even if you go for long periods apart when the initial intimacy has worn off, you still feel that immediacy of physical connectedness. Looked at another way, even if there are storms on emotional or mental levels, this physical accord keeps you on intimate terms or gives you the feeling that you had when you first met.

Socio-Cultural Interactions

These Inter-Aspects consist only of the slower-moving Planets. These are Jupiter and Saturn, sometimes called the Social Planets, and Uranus, Neptune and Pluto, the so-called Transpersonal Planets as they go beyond the individual and have more to do with generations and the shaping of cultures and civilization itself. So they show how two people interact at these levels.

In some cases these interactions are hardly noticeable for they are absorbed into one's social and cultural milieu and not experienced as anything that 'personal'. However, by being made aware of them one is able to see advantages and setbacks that were previously 'invisible' and can thereby increase or reduce them.

In other cases, especially when one of the Planets involved figures strongly in other interactions, or is a Close One or a Double Whammy (see Introduction above), such Inter-Aspects can be felt to be very significant.

Justin's ♃♂ Cameron's ♃★☆☆☆

A marriage of minds

This is primarily an interaction that suits or indicates friendship and a 'marriage of minds' - at least, in one area of your relationship. As such it tends to by-pass or rise above physical, sexual, or even emotional involvement.

Yet because you tend to fire one another up with respect to subjects like metaphysics, religion, education, new age thinking, etc., you could be forgiven for feeling that the fire is a bit lower down than it is!

Any forays into the sensual are probably isolated incidents or are just titillating prospects that hover around. When such misconceptions of your interest in one another are put behind you, or if they never arose in the first place, this interaction can enable you to discover together very unusual and encouraging insights into life, the Universe and everything.

So what can start out as a very lively interaction that promises all manner of exciting and unlikely things can evolve into something quite cerebral. However, there will probably always be that frisson of "what if" whenever you are in each other's company. None of the above is to say that yours cannot be an ongoing relationship.

If it is, then this interaction would help to keep it refreshed, not least because your individual opinions cannot resist good-humouredly vying with one another, thereby upgrading your respective viewpoints and ideas of one another - and life itself.

Justin's ♃ ♂ Cameron's ♃ ★★☆☆☆

Divine association

This is a subtle interaction that can give you both a sense of connectedness that goes beyond the day-to-day circumstances and requirements of life. A mutual interest in the mystical or unseen realms is present, along with shared experiences in these areas.

This can give your relationship a meaning and direction that puts the more mundane ups and downs into perspective, especially if metaphysical practices such as meditation, hypnosis, trance-work, or the investigation of such things as dreams and previous lives is embarked upon.

On the other hand, this interaction can make for fanciful and escapist ideas about yourselves as individuals and about your relationship itself. For example, one of you may encourage the weaker side of the other under the mistaken idea that they're being easygoing or compassionate. Or indulging in the idea that you as a pair are somehow more special than others.

A great deal depends upon how down-to-earth you each are as individuals, for the ability of at least one of you to distinguish a vision from a mirage, or an ideal from an excuse, can make the difference between your having a gentle and spiritual bond, and merely living in cloud-cuckoo land until the bubble inevitably bursts.

Whatever the case though, and sooner or later, yours is a coupling that should aspire to finding its higher reason for existing, simply because it has one.

Justin's ♃ ♂ Cameron's ♃ ★☆☆☆☆

Old friends, old enemies

The parts of you that come, or are forced, together by this interaction are quite dissimilar - but curiously you often 'swap' these roles. Cameron, will help Justin, to come out of their shell and loosen their inhibitions.

Cameron could do this intuitively or with shock tactics. Sometimes Cameron can appear icy cold and detached in the way they do this. But Justin can understand coldness and impersonality, and so can respond strangely well to Cameron's provocation - just because they are impersonal.

Stranger still, Justin's solid response to Cameron's off-the-wall conduct gives Cameron permission to be the unique and maybe shocking or unusual person they feel themselves to be, but may not show others generally. However, with all this ice and cold around, it should come as no surprise that your relationship can go very cool sometimes. Again, this may be, or should be seen as being, all very well because there is a kind of impersonal, on-off process that goes on between you.

In this way, you can remain friends until the end - with any romantic, sexual or warmer interludes being just oases along the dusty way. If your two charts are elsewhere seriously lacking in harmony and understanding, then indeed your relationship could go into an ice age and never come out. But even so, much as you might disapprove of one another, radical Cameron and conservative Justin just cannot resist one another.

Justin's ♃ ♀ Cameron's ♃ ★★☆☆☆
Justin has a difference of opinion with Cameron

Realist versus dreamer

In one respect at least, you are in natural opposition with Cameron representing material order and responsibility, and Justin standing for spiritual reality and obligation.

And so Cameron could see Justin as being vague and afraid to make certain types of commitment, while Justin sees their opposite number as dull, limited or suppressive. It could well work the other way around as well because each of you acts as the shadow of the other and tends to catch their projection. So Cameron could conveniently load some of their material shortcomings on Justin, and Justin their emotional weaknesses on Cameron.

Consequently, your relationship can often get caught in a muddy pool of not seeing one another at all clearly. On the face of it, you could learn a great deal about how you could be more balanced and stable if you owned up to this projection on to one other of something each of you finds hard to admit to having in themselves. Such self-honesty is best exercised early on, for in time that 'muddy pool' can turn into a veritable swamp.

A business like arrangement

This is an extremely down-to-earth interaction with Cameron helping Justin find their place in the world, and give stability to their insights or feelings of loneliness. Justin's part of the 'deal' - for this is what this aspect of your relationship amounts to - is to confirm or intensify Cameron's sense of authority at a deep level.

At the same time, Justin will also eliminate Cameron's dead wood - sometimes quite ruthlessly. Cameron won't give in easily here, but this is what gives Justin's persistence the seal of approval. This no-nonsense element of your relationship is bound to profit both of you, no matter what else ever happens. You have the businesslike side of relating in hand, and as such this helps a business partnership.

Justin's ♃ ♂ Cameron's ♃ ★★★★★☆ **Close One**

Mutual awakening

If one or both of you are not interested in the metaphysical or mysterious side of life before, then this interaction should herald experience and involvement with it, somehow or other. It may even have had something to do with the way you actually met. Justin is instrumental in making Cameron far more aware of their psychic or compassionate nature - and of their weaknesses and blind-spots too.

Cameron, on the other hand, can suggest to Justin a gentler and more collectively appealing way of giving expression to what is unusual, valuable or even brilliant about them. But Cameron will also show Justin how hurtful and inappropriate they can be when insensitively, although truthfully, pointing out the frailties of anyone, especially Cameron.

Although this interaction can be quite far-reaching in its effect upon the lives and personalities of each of you - because it quickens your awareness of the more subtle side to being and relating - it can also be quite easily resisted and reasoned away if one or both of you is of a particularly conventional and scientific bent. If this is the case, then shocking and apparently unwarranted events could dog the relationship.

Justin's ♃ ✖ Cameron's ♃ ★★★★★☆☆

It's psychological

This interaction sets a scene that allows each of you to become far more aware of your respective psychological make-up and how it fits in with society as a whole. So this helps with your seeking truth and depth understanding, either together or because of the other person's influence. But this interaction is not, as a rule, a powerful one.

It simply provides you both with the opportunity to take your investigations into the truths of life further than you could or would have done on your own. If you do happen to have a good handle on this aspect through other planets in each of your charts being 'plugged' into it, then you may work together to help others to find what is original and powerful within themselves too.

Justin's ♃ ☐ Cameron's ♃ ★☆☆☆☆☆
Justin clashes with Cameron

Intensity versus sensitivity

Cameron, in their urge to impress or get what they desire, may overlook the subtleties and protective veils that Justin has around their being. So what can happen is that in looking for strength in Justin, Cameron finds what they see as weakness or evasiveness, overlooking the fact that their emotional missile was misguided at the outset.

To make things more confusing, Justin just might become quite addicted to these shows of power, yet at the same time try to avoid such invasions. If Justin was given the chance, they could show Cameron how to go more gently into the night - that is, into the unknown of someone's emotional interior.

However, unless this aspect is a Close One, it will probably just amount to a general conflict created by the respective differences in your respective world-views as established by your formative years occurring at different times in social history.
